1. Summary

Club Rotario de Ajijic is a small club (20, mostly former Rotarians) organized by retired North Americans living on the shores of Lake Chapala 36 miles south of the city of Guadalajara. Our club is in need financial help from U.S./Canadian clubs to support it's efforts in sustaining the education of disadvantaged local children. Many families cannot afford to keep more than 1 of the family's siblings in school at any given time. Being on the spot we can assure that the monies entrusted to us by northern Rotary Clubs is used in a trustworthy manner. The recipients are monitored to assure that only the deserving remain in the program.

We are respectfully asking the Bellevue Rotary Club to consider contributing some fixed amount of Dollars each year in an ongoing program. Renewal of your annual contribution would be dependant on the Club Rotario de Ajijic satisfying, with documentation, the use of the money in the previous year. Your aid is assured of being well used in a foreign country because it will be administered by dedicated Fellow Rotarians.
Respectfully, Robert Louis Deschamps

2. Project Details
